

# DARIAH-CH Study Day 2023

October 20, University of Bern

# DARIAH-CH Consortium

DARIAH-CH is a network of Swiss academic institutions, supported by the ASSH, who founded the second DARIAH-CH Consortium in November 2021.

# DARIAH-CH Consortium: Aims

1. Manage the national coordination of DARIAH-relevant activities.
2. Work with the Swiss Digital Humanities community and support it in its research and infrastructural endeavours.
3. Facilitate the access of the Swiss Digital Humanities community to national research infrastructures, as well as to the DARIAH EU infrastructure and network.
4. Build a strong and impactful DARIAH-CH community

# DARIAH-CH Coordination

DARIAH's activities in Switzerland are coordinated by the **Swiss National Data and Service Center for the Humanities**

- Rita Gautschy, director of DaSCH, is acting as National Coordinator and **manages the relations with DARIAH EU**
- Cristina Grisot, National Coordination Officer, **organises DARIAH-CH activities and manages the DARIAH requests for Switzerland.**
- Tobias Hodel, from the University of Bern, president of the DARIAH-CH Consortium, is responsible of the **building and strengthening of the DARIAH-CH scientific community**

Workshops for professional development

# DARIAH-CH working groups

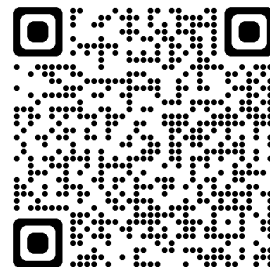

Formal framework to bring people together

WG on (Swiss) digital editions: <https://www.dariah.ch/swiss-editions>

## Introduction

DARIAH-CH Working Group Editions aims to create a forum for all those who are involved in any form of digital editing broadly defined. The group does not privilege a particular technology, approach, type of document or institutional context. Instead, it aims to provide a meeting place for the editing community, where exchange can happen and problems can be discussed.

The Working Group aims to meet twice a year in person and online. The working group is lead by [Dr. Elena Chestnova](#) (Università della Svizzera italiana), with the support of [Prof. Tobias Hodel](#) (University of Bern) and PD Dr. Rita Gautschy, director of [DaSCH](#).
